

# IWFF IS FOR STUDENTS

IWFF educates, supports and motivates both students and teachers.

## Filmmakers in Schools

Our filmmakers go into rural Montana schools to present films, share information and connect with the next generation.

## Children's Matinee Film Program at the University of Montana Dennison Theater

We play films to thousands of students from Missoula and the surrounding area every year.

# IWFF IS FOR NONPROFITS

IWFF provides a platform for meaningful interaction between filmmakers, students and conservation groups.

Our audience experiences true engagement with nonprofits during field trips, workshops, WildFest and nightly parties.

IWFF hosts screenings year round with such groups as **Defenders of Wildlife, Wilderness Watch, Sierra Club, Wolves of the Rockies, Vital Ground, National Wildlife Federation** and **Montana Wilderness Association**. In 2018 we will be presenting a strand of workshops geared towards teaching nonprofits how to best use video for their causes.
